LBS RECRUITMENT SOLUTIONS CORPORATION

is a leading Philippine agency for the placement of professionally and technically qualified manpower to Europe, Scandinavia, Middle East, North America, Africa and Asia.

MESSAGE FROM THE CHAIRMAN

Recognized by top-level applicants for our ability to provide them outstanding opportunities with global employers, LBS has built an extensive database of persons whose performance and experiences cover a wide range of careers and professions. Our rigid screening and pre-selection process ensures that clients only hire the best-qualified and competent candidates, who in the main have extensive overseas experience.

As a former contracted professional based in the Middle East during the nineteen-eighties I gained an understanding and appreciation of both the workers and employers needs. Accordingly I was able to successfully implement the best practices in the selection and placement of Filipino workers in a wide range of specialties and locations.

LBS operates on the combined expertise and experience of recognized leaders in the Philippine recruitment industry. We specialize in solutions for meeting the manpower demands of clients who operate in competitive and complex global business environments.

Licensed by the industry governing body, the Philippine Overseas Employment Administration, our organization draws its strength from the collective professional talents of our highly motivated management team and dedicated staff.

We are sure we can supply your manpower requirements on specification, on time, on budget.

Sincerely,

Loreto B. Soriano
Chairman & President

For twenty-seven years, Mr. Soriano's experience and ideas have contributed greatly in setting policy directions for the Philippine overseas employment development strategies and Government programs. During this period he has served as the President of two of the biggest associations of licensed recruitment agencies in the Philippines: the Philippine Association of Service Exporters, Inc. (PASEI) and the Philippine Association of Manpower Agencies Accredited to Taiwan (PAMAAT).

Mr. Soriano also served as the Executive Director of Federated Association of Manpower Exporter Inc. (FAME), which is the umbrella organization of the major Philippine overseas employment agency bodies.

His expertise and analytical perception of the overseas employment industry makes him one of the most sought after consultants and adviser to the Government on manpower and recruitment industry matters. His counsel is constantly sought by his peers on the issue affecting the industry stakeholders. He continues to interfere directly with LBS's global clients.

COMPANY PROFILE

LBS Recruitment Solutions Corporation is a Filipino recruitment agency duly licensed by the Philippine Overseas Employment Administration (POEA) to recruit and deploy land-based workers for foreign employers' overseas projects.

Organized since year 2001, LBS draws its strength from the technical expertise of its officers and well-trained staff. We have equally applied the advances of modern technology in our operation to spell our advantage over other practitioners in the Philippine overseas employment industry.

LBS enjoys the full trust and confidence of its foreign principals, most of whom are multi-national companies well acclaimed worldwide. Our varied expertise in the supply of well qualified workers in construction and engineering works, oil and petro-chemical projects, manufacturing and health care establishments, has made LBS as one of the most sought after entity in the Philippines in the field of manpower supply.

An exponent of ethical recruitment practices, LBS deals with both its workers and foreign employers in a professional manner. In so doing, workers welfare is protected and our clients interest is well satisfied.

LBS is a recipient of numerous recognition and awards from both public and private organizations. It has also been used as a show window by government vis a vis international organization organizations visiting the country for insights on the Philippine overseas employment program.

LBS adheres to highest quality standards to guide its day to day operations. LBS is an ISO 9001:2015 registered company, with its management and administration systems duly approved by QAS International.

Meanwhile, LBS is in the process of acquiring a certification for IRIS (International Recruitment Integrity System) Standard recently developed by the International Organization for Migration (IOM). We are one of very few companies selected by IOM to be part of this pilot project in the Philippines to enhance ethical recruitment across global migration.

Ezek Alunen is one of the most knowledgeable and well-respected individuals in the field of overseas employment in the Philippines through his considerable experience both in government and the private sectors. For three successive terms (6) years, Mr. Alunen was a member of the Philippine Overseas Employment Administration's Governing Board, having been appointed to the position by three Philippine Presidents.

He has acted as a consultant to a number of Recruitment Agencies and remains an adviser to several agency principals.

Mr. Alunen was responsible for the largest deployment of Filipino workers overseas for the French Company, Dumez for whom he managed 16,000 employees.

Lot is responsible for the Philippine operations including the searching, recruitment, pooling and processing of candidates for all occupations except Medical Staff. A graduate of Business Management, he entered the company after College and like his father worked his way through the various positions gradually taking over the local management.

Today having gained invaluable insights into the industry, he has developed a keen appreciation of what is required to interface with employers and applicants and create the best possible outcomes for both.

Lot also oversees the administrative functions of the different divisions.

- Obtain, retain and grow customers
- Explore new, viable and strategic markets and partnerships
- Harness and leverage Information and Communication Technology, as well as new emerging applications
- Improve processes for efficient outcomes
- Achieve performance levels worthy of recognition by local, as well as international organizations

Values /

Our guiding principles are Integrity, Dedication, Quality Service, Nurturance and Excellence.

OUR OFFICE

OUR SERVICES ADVANTAGES

LBS is recognized as an innovator in the recruitment, processing and placement of Filipino's around the globe.

We have achieved this while complying with all the strictly administered regulatory laws and procedures that govern the employment of Overseas Filipino Workers (OFWs).

Our operational philosophy is to ensure our client employers and applicants are presented to each other in the most efficient and economical ways.

This is very significant for the applicants who are based considerable distances from Manila and who have to submit documents and make themselves available for interviews, assessments and other regulatory requirements. The time and costs of traveling throughout the archipelago are considerable.

Conversely employers face time and travel costs in selecting and employing overseas-based applicants.

To meet these challenges LBS has adopted custom recruitment software that provides:

- Distant document capture and transmission
- Database archiving and filtered retrieval
- Reformatting of documents to common templates
- Multi-party web / audio conferences / interviewing (up to 7 video plus 100 parties)
- Employer and applicant's access to own dedicated account on LBS website
- Automated alerts to archived applicants
- Automated forwarding of filtered new CV's to employer clients
